EDUCATION

Nanyang Technological University, Singapore (NTU)
COLLEGE OF COMPUTING AND DATA SCIENCE
Bachelor of Computing (Honours), Computer Science

Aug 2025 – May 2029

- Honours (Highest Distinction) | CGPA 4.91/5 (Current)
- Relevant Modules – Linear Algebra for Computing, Digital Logic, Data Structures & Algorithms, Object Oriented Design & Programming, Computer Organisation & Architecture

PROJECT | PERSONAL PROJECTS

KINGS Cup – University Sports Event Website (<https://www.kingscupsg.com/>)

- Developed responsive, user-friendly interfaces using Next.js, TypeScript, and Tailwind CSS to ensure seamless cross-device performance
- Collaborated with a team of 15+ members to design and launch the official website for a university-wide sports event
- Integrated GSAP-powered animations to enhance visual engagement and user interaction for dynamic user experience

NTU Buddhist Society – Official Website (<https://blogs.ntu.edu.sg/sao-buddhist/>, <https://ntubs.vercel.app/>)

- Established new features within an existing codebase using Next.js, TypeScript, and Tailwind CSS while adhering to established architectural patterns
- Maintained and leveraged the official website of NTU Buddhist Society to support student engagement
- Identified and resolved bugs in legacy components, improving site stability and maintainability

Gamify – Interactive Web Platform for Games (<https://gamify.fun/>)

- Designed and developed a browser-based gaming platform to host interactive games, using HTML, CSS, and JavaScript, reaching 1000+ website visitors weekly
- Implemented a PHP-integrated commenting system connected to a backend database

CS50 Web – Full-Stack Social Network Application (Harvard's CS50W)

- Built a full-stack social network using Django (Python), JavaScript, and REST APIs, implementing features including follow/unfollow, infinite scroll pagination, and inline post editing
- Implemented secure CSRF-protected AJAX calls and backend API endpoints for asynchronous like/unlike and real-time UI updates

CO-CURRICULAR ACTIVITIES

PINTU (Pelajar Indonesia NTU) – Technology Officer

Oct 2025 – Present

- Delivered scalable web applications using React.js and Typescript to support PINTU initiatives
- Co-built the development of the KINGS Cup website

NTU Buddhist Society – Technology Subcommittee

Oct 2025 – Present

- Collaborated in a 5-member technical team using Git-based workflows to maintain and enhance the society's official website
- Facilitated large-scale society events, such as Buddhist Week 2026, reaching 500+ participants, by providing technical and operational assistance

GTU (Get Together Day) – Business Finance Manager

Oct 2025 – Present

- Led sponsorship outreach initiatives, drafting and sending partnership proposals to secure external funding
- Maintained professional communication with corporate partners and strengthening sponsor relationships

NTU Students' Computing and Data Science (SCDS) Club – Sports Officer

Oct 2025 – Present

- Organized and executed intra-school and inter-school sporting events, overseeing planning, coordination, and event-day operations

SKILLS

- **Programming Languages/Skills:** Python, Java, C/C++, JavaScript, TypeScript, MySQL
- **Software Development:** React.js, Next.js, Tailwind CSS, HTML, CSS, Bootstrap, Django, Git, Figma, PHP
- **Language:** English (Fluent), Chinese (Working Proficiency)

CERTIFICATIONS | COMPETITIONS

- NUS Youth Program "Road to ChatGPT - Basics of AI in Language Processing"
- Harvard's CS50: Introduction to Computer Science
- Harvard's CS50's Web Programming with Python and JavaScript
- PSA Hackathon 2025 Participant, Techfest 2026 Participant, Manus AI for All Hackathon Participant, AWS Ideathon 2026 Participant
